Herding Without Fences

Ranch Camp II, Stepping Outside the Arena, takes away the fences and adds to the flock providing a real life Ranch experience of what it would have been like in historical ranching days when ranchers raised stock in open fields and drove them miles to market.

Their “hired hand” was their stock dog and the two had to work as partners to be successful.

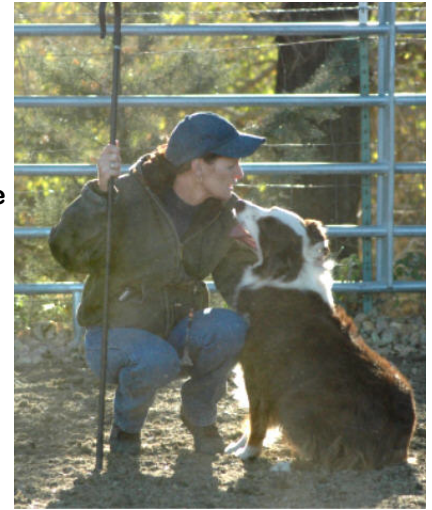

While you won't be traveling miles, you will face a variety of similar challenges that will improve your herding skills, sharpen your ability to think on your feet and strengthen the working bond you share with your dog(s).

Instruction takes place in multiple one-on-one sessions as well as in groups. Each handler/dog team is treated and trained as an individual so there are no worries about what level you are at. All Ranch Camps are flexibly designed to accommodate to each person's level and comfort zone.

What Makes Ranch Camp Unique?

If this is your first time attending a Dawna Sims Ranch Camp, you'll soon discover this is no ordinary camp! From sun up to sun down, you and your dog (s) will be immersed in a variety of unique and diversified herding exercises specifically designed to maximize your learning. Much of the time you'll be having so much fun, you won't even recognize how much you're improving.

All Ranch Camps are based on the premise of positive reinforcement (for you and your dog(s)). You will be challenged but you'll have plenty of support and guidance as needed to help you succeed. You'll be well fed throughout the day and once the sun sets, you can relax around the fire with other herders.
